

# IMPORTANT NOTICE

## COVID-19 TEST MANDATORY TO TRAVEL BY AIR TO THE UNITED STATES OF AMERICA

As of January 26, 2021, the Centers for Disease Control and Prevention is expanding the requirement for a negative COVID-19 test to all air passengers entering the United States.

This test has to be conducted by a certified laboratory and must be done within 72 hours prior to your flight and you must provide written documentation of the laboratory test result (paper or electronic copy). Airlines must confirm the negative test result for all passengers before they board. If a passenger does not provide documentation of a negative test, or chooses not to take a test, the airline must deny boarding to the passenger.

The Grand Isla Navidad Resort has made an agreement with CLINICLAB in Manzanillo [www.cliniclad.mx](http://www.cliniclad.mx) for our guests who require to take this test.

They will provide the service at the hotel so you do not have to travel to Manzanillo in order to get tested. **You are expected to pay for all expenses related to get tested.**

For more information, please call 52 (314) 331-0500 or 1 855 278-2683.

The hotel's doctor is at your service in case you need any guidance or an interpretation of the results.

Thank you very much for your attention to this important message.

**Juan Carlo Rincones**  
General Manager
